

Aquapanel Interior

Knauf Aquapanel Interior Joint Tape

Knauf Aquapanel Interior Boards and Accessories

Aquapanel Interior is a glass-fibre-reinforced cement board designed to be used as a high-performance tile backing board. It will not deteriorate in water and offers very high impact resistance. It is also ideal as a general building board. Refer to the Knauf Aquapanel Interior brochure for Aquapanel Interior installation guidelines for commercial applications or contact Knauf Technical Services for more information.

Alkaline-resistant joint tape for use in non-commercial applications where Aquapanel Interior is to be jointed using tile adhesive.
